HOW THESE TERMS APPLY:

These Brand Exploit Protect Terms and Conditions (the “BEP Terms”) govern Customer’s use of Mimecast’s Brand Exploit Protect services (the “BEP Services”) and are an addendum to and form part of the Agreement (defined below). By ordering the Brand Exploit Protect Services via a Services Order, Customer expressly agrees that its use of the BEP Services is subject both to these BEP Terms and the services agreement which is in place between the parties or which will be executed concurrently with these BEP Terms (the “Agreement”).

If there is any conflict between these BEP Terms and the Agreement, then these BEP Terms shall take precedence. However, any capitalized terms not otherwise defined herein have the same meanings as those noted in the Agreement and the BEP Services are “Services” as that term is used in the Agreement.

Customer terms that are contrary to or deviate from these BEP Terms shall not apply. Mimecast’s silence regarding such deviating or conflicting terms shall not be considered as approval or acceptance. These BEP Terms shall apply even if Mimecast delivers the Services to Customer, even where Mimecast was aware of conditions that are contrary to or deviate from these BEP Terms. These BEP Terms shall exclusively apply to entrepreneurs within the meaning of §310 Para. 1 German Civil Code.

1. BEP Services. The BEP Services are designed to protect Customer’s domains (each, a “Domain”) from use by a third-party to create and/or register an imposter website. Customer must identify each Domain to be protected in writing to Mimecast, up to the maximum number of Domains listed on the applicable Services Order.

1.1 Takedowns. Customer acknowledges and agrees that Mimecast will monitor for replications of Customer’s Domains, and in the event of a discovered Domain replication Mimecast will report the imposter Domain to third party blocking sites and approach third-party registrars to request that the imposter Domain be disabled or blocked (each, a “Takedown”). Takedowns are treated as the Professional Services referenced in the Agreement and are limited to the number listed on the Services Order.

1.2 Web Agent. The subscription fee for the BEP Services includes a limited, non-exclusive, non-transferable usage license to a script that Customer may add to each Domain for Customer’s internal business purposes only during a Subscription Term (each, a “Web Agent”). Customer is solely responsible for deploying the Web Agent to Customer’s website code. Customer’s rights are limited to those specifically granted to Customer herein. Mimecast reserves all right, title, interest and ownership of the Web Agent, and Customer shall gain no right, title, interest or ownership in the Web Agent by dint of these BEP Terms or the Agreement.

1.3 Restrictions. Specifically as regards the BEP Services described herein, Customer will not: (a) use the BEP Services in any manner that violates any applicable law or regulation (including but not limited to where Customer is required to obtain permissions or authorizations to permit Mimecast to perform its obligations hereunder); (b) register any Domain with Mimecast for the BEP Services, unless said Domain is owned or legally controlled by Customer; or (c) engage in any activity that could reasonably be expected to interfere with or disrupt the BEP Services. In addition to any indemnification obligations contained in the Agreement, Customer will hold harmless, defend and indemnify Mimecast in the event of any third-party claim or regulatory action arising out of Customer’s breach (or alleged breach) of this Section 1.3.

2. Security and Confidentiality for BEP.

2.1 Security. Mimecast will implement and maintain appropriate administrative, technical, organizational and physical security measures for the BEP Services. Customer acknowledges and agrees that, in the course of providing the BEP Services to Customer, it may be necessary for Mimecast to access Customer’s account (including any data stored therein) to respond to technical problems or Customer queries and to ensure the proper workings of the BEP Services; such access may originate from any jurisdiction where Mimecast maintains support personnel. A list of the locations from which Support is provided and Mimecast’s certifications, attestations and assessments are posted to https://www.mimecast.com/company/mimecast-trust-center/ (the “Trust Center”).

2.2 Data Protection Laws. Mimecast acknowledges that, as between the parties, Customer owns and controls the right, title and interest in and to any information or data provided by Customer for processing for the BEP Services. With respect to any information that relates to an identified or identifiable natural person that is processed through the BEP Services (“Personal Data”), Customer acts as data controller and Mimecast acts as data processor. Mimecast will use and process the Personal Data solely in accordance with Customer’s Instructions. The “Instructions” are embodied in the Agreement, these BEP Terms, the applicable Service Order(s), and any applicable Data Processing Agreement, and as may be additionally communicated by Customer to Mimecast in writing from time-to-time. Where permitted by applicable law, Mimecast may process, transfer or copy Personal Data in the United States or other
countries or jurisdictions outside of the country where it was collected. Customer is responsible for providing any requisite notice and obtaining any consents (if required) for such processing and transfer of Personal Data, including international transfers.

2.3 Data Processing Agreement. As required by law or as otherwise agreed by the parties, data protection measures may be described in more detail in a data processing agreement separately entered into by the parties, which will be made supplementary to these BEP Terms ("Data Processing Agreement"). In the event of any conflict between these BEP Terms and the Data Processing Agreement, the Data Processing Agreement shall prevail, except as expressly provided in this Section 2.3. As regards any Data Processing Agreement made effective prior to 17 February 2020, Sections 5.2 and 5.3 of the Data Processing Agreement are hereby deleted in their entirety and replaced with the following:

2.3.3 If Data Processor receives a Data Subject Request, and it is clear from the nature of the request without the need for any independent investigation that the Data Controller is the applicable controller of Data Subject’s Personal Data, Data Processor will refer the Data Subject to Data Controller, unless otherwise required by Applicable Law. In the event Data Processor is legally required to respond to the Data Subject, Data Processor will fully co-operate with Data Processor as appropriate. To the extent they are available through the BEP Services, Data Controller agrees that provision of technical tools to enable Data Controller to take the necessary action to comply with such request/s shall be sufficient to discharge Data Processor’s obligations of assistance hereunder.

2.3.4 To the extent the BEP Services provide technical tools for a Data Controller to comply with any Data Subject Requests, Data Controller will reimburse all reasonable costs incurred by Data Processor as a result of reasonable assistance provided by Data Processor under this Clause 5.

In addition, the schedules to the Data Processing Agreement are supplemented with the information in the following links applicable to BEP Services:

- Schedule 1-Processing Details: https://www.mimecast.com/company/mimecast-trust-center/gdpr-center/processing-details/

4.1 By Mimecast. Mimecast will defend, indemnify and hold harmless Customer, its officers, directors, employees and consultants against any third-party claim, suit, proceeding or regulatory action alleging that the BEP Services infringe any copyright, moral right, trade secret, trade or service mark, or patent issued in country that is a signatory to the Berne Convention (each, an “Intellectual Property Claim”).

4.2 Resolution of Intellectual Property Claim. Mimecast may, at its expense and discretion, attempt to resolve any Intellectual Property Claim by: (a) modifying the BEP Services to avoid the alleged infringement; (b) obtaining a license to permit Customer’s use of the BEP Services as contemplated by these BEP Terms; or (c) terminating the rights set forth in these BEP Terms and giving Customer a refund for any fees paid for the remainder of the then-effective Subscription Term. Customer will cooperate fully with Mimecast in the implementation of any above-described resolution. Mimecast will have no liability under this Section 4 to the extent any claim results from the combination of the BEP Services with third-party products, services, data or business processes by Customer or from instructions, content or information supplied by Customer.

4.3 By Customer. Customer will defend, indemnify and hold harmless Mimecast, its officers, directors, employees and consultants against any third-party claim, suit, proceeding or regulatory action arising from any action undertaken by Mimecast against any third-party at Customer’s direction in pursuit of the activities relating to the BEP Services, including but not limited to Takedowns and Domain Blocks.

4.4 Conditions. The indemnified party shall give the indemnifying party prompt written notice of any claim on which indemnified party intends to base a request for indemnification ("Claim Notice"). Failure by the indemnified party to provide a Claim Notice to the indemnifying party does not relieve the indemnifying party of its obligations under this Section 4; however, in such case the indemnifying Party will not be liable for any losses resulting from such delay. In the case of an Intellectual Property Claim, Mimecast will have sole control of the defense and settlement of the applicable matter. This Section 4 sets forth Mimecast’s entire liability and Customer’s sole remedy as regards an Intellectual Property Claim, and Mimecast specifically disclaims any and all implied indemnification obligations that may apply to these BEP Terms. Neither party will settle a matter under this Section 4 if such settlement requires the other party to admit fault or wrongdoing, or to pay any financial award without the other party’s pre-approval; such approval will not be unreasonably
withheld. The parties agree to each cooperate with each other, to a reasonable degree, but always at the indemnifying party’s expense.

5. Liabilities

5.1 General.

(a) Mimecast’s liability is unlimited to the extent such liability arises from Mimecast’s: (i) wilful misconduct; (ii) gross negligence; (iii) personal injury liability; or (iv) liability under the German Product Liability Act (Produkthaftungsgesetz).

(b) In cases of gross negligence, Mimecast’s liability is limited to the amount of foreseeable loss that would have been prevented through the exercise of due care, or, as appropriate, to the amount of foreseeable loss that would have been prevented by the presence of the guaranteed quality.

(c) Subject to Section 5.1(a) and (b), Mimecast is not liable under these Terms except for a breach of a Major Obligation (Kardinalpflicht) up to an amount equal to the fees paid or payable by Customer to Mimecast (or Reseller) for the applicable Services during the twelve months preceding the event giving rise to the claim. The parties acknowledge and agree that a “Major Obligation” is a duty which is a necessary prerequisite for Mimecast’s contractual performance hereunder, or where the breach of the relevant duty jeopardizes the purpose of the contract and where Customer could legitimately rely upon its fulfilment.

5.2 Contributory Negligence. Notwithstanding Section 5.1, Customer acknowledges that Mimecast may claim contributory negligence (for example, where Customer has breached its obligations under Sections 1.3 herein).

5.3 Expiration. All claims against Mimecast in contract, tort, or otherwise for loss or wasted anticipatory expenditure are barred after a period of one year. That period begins at the point in time specified in the German Civil Code, Section 199(1). Except for cases of willful misconduct and damage to life, bodily injury or damage to health, any liability claims against Mimecast may only be raised by Customer via written notice to Mimecast within four weeks of the damaging event or the proven date when the Customer became aware of the damage, whichever occurs later. Failing this, Customer’s liability claims shall expire.

6. Payment. This Section 6 does not apply if Customer has contracted separately with a Reseller as to the pricing and invoicing for the BEP Services; for clarity, this Section 6 of these BEP Terms will have no effect unless fees are listed in the Services Order and Customer will be invoiced for the BEP Services directly by Mimecast.

6.1 Fees and Payment Terms. This Section 6 is supplemental to the payment terms included in the Agreement. The BEP Services include a fixed number of Domains and Takedowns, as noted on the Services Order. Customer may not reduce the number of Takedowns or Domains associated with a Services Order during a Subscription Term. BEP Services that are unused during a Subscription Term are not refundable or eligible for use during a future Subscription Term. Customer may increase the number of Domains or Takedowns during a Subscription Term for an additional fee.
